

Partnership programs to enable strategic industrial advantage

Integrity collaborates with industrial partners applying our inkjet and materials expertise to develop innovative chemistries, processes and manufacturing systems to provide a strategic advantage.

Formal agreements enable confidential information sharing and protect your interest.

Opportunity for market exclusivity, IP ownership, system manufacturing rights, etc. are negotiable.

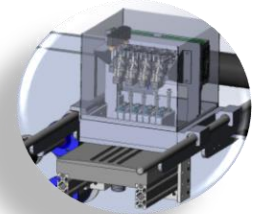

- ✓ Novel Chemistry
- ✓ Hybrid Processes
- ✓ Functional Materials
- ✓ Process Development

- ✓ Technical Feasibility
- ✓ Economic Assessment
- ✓ Initial Fluid Testing

- ✓ System Design, and Development
- ✓ Fluids and Supplies
- ✓ Manufacturing rights
- ✓ Ongoing Technical Support

- ✓ Market Exclusivity
- ✓ Protected IP
- ✓ Confidential Programs
